DCA focuses on mobilizing local capital to businesses in development sectors i.e. renewable energy, agriculture, municipal service deliver, & health.
Country	United States

Project Description

Support our team of four to develop, monitor and publicize Development Credit Authority (DCA) partial-credit loan guarantees in Asia and the Middle East. The mission of DCA is to unlock local finance for economic sectors that are critical to development. Your high-quality deliverables could include market research, financial data analysis, and written communication pieces to capture the impact of the guarantees on lenders and borrowers. Sectors and countries of interest will vary, but you will have the opportunity to identify and pursue a project of personal interest over the internship.

All work will be completed virtually. Classroom and/or field experience in business administration, international economic development, Asia or Middle East studies; financial sector experience or coursework; international work experience; interest in a career in international development; strong analytical, writing, and communications skills required; a self-motivator and team player with the ability to manage multiple work streams and deadlines.
